### MARKET OPTIONS Pima Cotton (*Gossypium barbadense*)

Do not export Genuity® Roundup Ready® Flex Pima cottonseed, meal, linters, or gin trash to Korea pending import approval. Grower must deliver cotton to an Arizona, California, New Mexico, or Texas gin that is on Monsanto's approved list (available at [www.genuity.com](http://www.genuity.com) under the Commodity Marketing section of the Stewardship tab). Do not market cottonseed, meal, linters or gin trash from Genuity Roundup Ready Flex Pima to a third party who may send such products or processed fractions outside of the approved countries. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted.

All Genuity Roundup Ready Flex Pima cotton growers are required to sign the Monsanto Technology/Stewardship Agreement (MTSA) limited-use license which provides the terms and conditions for the authorized use of the product. The MTSA must be signed and approved before purchase or use of seed.
